

Wes Little
MBA '14
Chief Analytics Officer and General Manager,
WellSky Home
Austin, TX

Wes Little serves as Chief Analytics Officer and General Manager of WellSky, a large private equity-backed healthcare technology firm. As chief analytics officer, Wes leads WellSky's unified analytics strategy to deliver data-driven insights and innovative healthcare delivery. As General Manager, he leads WellSky's largest software business unit serving home-based care providers. He previously served as director of product management for Kinnser Software, where he oversaw rapid product innovation for the company's home health and hospice electronic medical record software and led a team of data scientists and engineers that built the first predictive analytics solution for clinical care in the home health industry. Wes holds an MBA from the University of Texas at Austin's McCombs School of Business and a bachelor's degree in economics from Washington and Lee University.
